

CSWC Operational Period Summary 0600 May 9 to 1800 May 9 2014

Fix50 Project Update: May 9, 2014 Caltrans photograph

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Significant Weather Watches and Warnings

- High Wind Warning in effect for areas of Kern County until 0900 hours Saturday.
- High Wind Watch in effect for areas of Ventura, Los Angeles, San Bernardino, Riverside and San Diego Counties from Saturday afternoon through late Saturday night.
- Fire Weather Watch in effect from Sunday morning through Monday evening for areas of Los Angeles, Ventura, Orange, San Bernardino, and Riverside Counties.

Proclamation City of San Jacinto, Riverside County

A revised previously submitted Proclamation from the City of San Jacinto, Riverside County due to a severe wind storm beginning on April 29, 2014 and continuing for several days has been received requesting a State of Emergency from the Governor, CDAA funds and FEMA funding.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

The City of Pleasanton, Alameda County

Due to Zone 7 water agency providing only 75% of normal water, the City of Pleasanton will initiate mandatory 25% water conservation for all residential and commercial accounts throughout the City, effective May 7th. On May 7th the City decided against declaring a local emergency and instead voted to enact Stage 3 water rationing and is enacting rationing limits similar to the City of Livermore.

Major construction U.S. Highway 50, Sacramento, Sacramento County

- Fix 50 Daily [Update](#)

“Fix 50” Update

Fix50 Project Update: Friday, May 9

Fix50 [Click here for Eastbound Phase 2 updates](#)

Progress over the last 24 hours:

- Completed deck reinforcement steel and bulkhead installation
- Completed first cement pour (total of 460 cubic yards)
- Stripped the bulkhead from the first pour
- Sand blasted the joint in preparation for the 2nd deck pour
- Deck cleaning, drill hole cleaning, and drain installation are complete

Over the next 24 hours, crews will:

- Begin 2nd deck pour for outside shoulder and bridge widening

In the coming week:

- Complete dowel bars and rebar install
- Complete cement pour for remaining lanes and shoulder
- Begin curing process
- Sign install

“Fix 50” Information

Major construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is underway on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Roadway Construction Timing:

Eastbound Highway 50: April 22 – May 21

Phase 2: May 2 - May 21

- During Eastbound, Phase 2 (May 2 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

[**Fix 50**](#)

“Fix 50” Information (Cont.)

Major construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes:

During work in the EASTBOUND direction (April 22 – May 21):

If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

If traveling from Davis to Downtown Sacramento:

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

If traveling from Natomas/Davis to Rancho Cordova/Folsom:

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA:

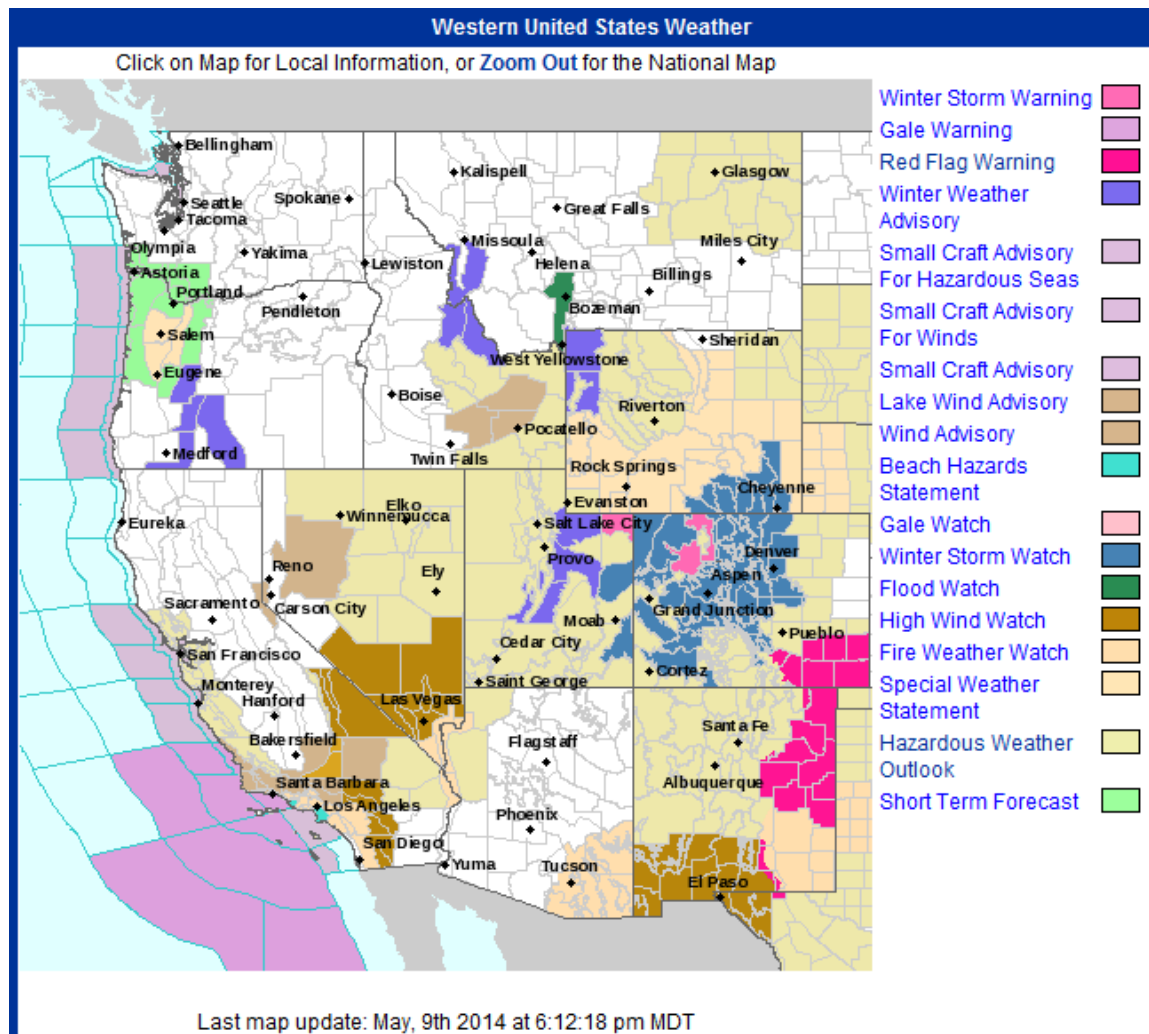

The main low pressure associated with the rain will move from Oregon into the Great Basin on Saturday. Showers, with snow levels near 5000-6000 feet, will be scattered mainly over the higher terrain to the north and east of the Sacramento Valley through Saturday. Moderate gusty SW-NW winds can be expected this afternoon and Saturday across the higher terrain in the north and east. High pressure will begin building overhead Sunday and bring about a rapid warming and drying trend. Moderate N-E surface winds will enhance these conditions from the lower western slopes of the Sierra to the coast. This pattern will continue much of next week.

SOUTHERN CALIFORNIA:

A Pacific trough will bring westerly winds of 20 to 30 mph with gusts to 50 mph to the mountain ridges and desert passes through Saturday afternoon. Temperatures will be near normal through Saturday, with 60s in the mountains and mid 70s to low 80s in the valleys. Minimum humidity will be mainly between 20% and 40% through Saturday. Surface high pressure will move over Northern California Saturday night bringing northerly winds of 20 to 40 mph with gusts to 60 mph to the south coast of Santa Barbara and to the Grapevine. This surface high will move into the Great Basin Sunday morning bringing north to east winds of 15 to 25 mph with gusts to 40 mph to the mountains and below the canyons and passes of Southern California through Wednesday morning. A strong ridge aloft will build into California from the Pacific Ocean bringing much warmer temperatures along with humidity in the single digits and teens Sunday through the end of next week. The warmest days will be Monday through Wednesday when the warmer valley locations will exceed 100 degrees.

CAL OES DROUGHT ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 19% of normal as of April 20.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

Drought Declarations/Resolutions/Proclamations:

State:

01/17/14 – January 17, 2014, Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

CAL OES MISSIONS

New Cal OES Missions

- **2014-LAW-3057** Air Force Rescue Coordination Center (AFRCC) reported an unregistered Emergency Position Indicating Radio Beacon (EPIRB) sounding in the San Diego County vicinity. Cal OES LDO is coordinating resources to locate and silence.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-2867** Calaveras County Sheriff for Human Remains Detection Dogs for a search planned for May 9. Santa Clara Sheriff's Forensic team has accepted the mission.
- **2014-LAW-2843 Current:** Searches conducted on 5/3 and 4, located several items of interest. Plumas County personnel plan on returning for additional searches on or about 5/9/2014.
Situation: Plumas County Sheriffs Office (PCSO) is requesting Search and Rescue resources in support of a Humans Remains search Southwest of Lake Almanor. County SO will be providing 2-3 Humans Remains Detection (HRD) K9s for search efforts.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

UPCOMING EVENTS, TRAINING, EXERCISES

Diablo Canyon Power Plant Full Scale Exercise

Diablo Canyon Power Plant in San Luis Obispo will be hosting a full scale Hostile Action Based FEMA evaluated exercise on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
